Rallying behind Colorado's
most vulnerable children

**Impact
Report
2022**

Our Story in 2022

HIGHLIGHTS

Our mission continues to lead us to Colorado's most vulnerable children, and we unite our community to provide accessible and affordable services.

No other organization has the operational capacity to rally behind every child.

- New partnership with Catholic Charities to create a clinic at the Samaritan House Shelter in downtown Denver.
- Expanded strategy for development to engage major donors, corporate partners, and private foundations through strategic philanthropic investment.
- New volunteer engagement program that offers corporate partners turn-key options to impact children.
- Significant growth in need for behavioral and mental health services, and expansion of services provided at our clinics.

OUR MISSION

Every Child Pediatrics provides comprehensive health care to every child, regardless of their insurance status or ability to pay. We provide a Medical Home for children with complex life situations, and offer services to support their entire health and well being. We see a high number of uninsured children, as well as children enrolled in Medicaid. We never turn a child away.

Every Child Pediatrics continues to see a high number of uninsured children and children enrolled in Medicaid. We offer convenient access to health care for over 23,000 children across Colorado, including primary clinic locations in Aurora, Denver, Lakewood, and Thornton, combined with 8 school-based health centers in Aurora, Fort Collins, and the four corners region.

Message from Executive Director

Our mission is more important than ever as Colorado sees a rise in uninsured children and children enrolled in Medicaid. 2022 was a pivotal year full of new partnerships that saw us intentionally seek out children living in the most vulnerable of situations, then invest in sustainable health care support structures to ensure every child has the care they deserve.

In addition to our mission growing its clinical reach, we've heavily invested in our development strategy, which includes our Founder's Circle for Major Giving, women's leadership coalition, volunteer engagement program, and expansion of corporate partnerships. We've seen a significant increase in revenue from these sources and invite new donors to invest in children through our philanthropic initiatives.

As we look ahead to 2023, the future is brighter than ever. We are fortunate to have the capacity to work with the Colorado community in efforts to best serve every child, regardless of their insurance status or ability to pay.

Laura Luziotti, MD, MBA
Executive Director

Our sincerest appreciation to all who support our mission through charitable contributions.

Thank you to our individual champions for children (\$500+)
