

Mother's Day Care Kit Drive

Presented by: The Women's Affinity Group

This Mother's Day, let's come together to support mothers and children in our community who need it most. Every Child Pediatrics is hosting a Care Kit Drive to benefit uninsured families, providing essential items and helping them get off to the best start possible.

How You Can Help

Use the supply list to purchase and assemble Care Kits. Each item you include provides essential, everyday support that many parents go without. Simply follow the assigned quantities for each kit, and build as many as you're able—every completed kit directly supports a mother and child in our local community.

Gather your friends, family, or coworkers to multiply your impact. Together, you can turn a simple act of giving into meaningful support for families, helping them feel cared for, prepared, and set up for a strong start.

Items for 1 Care Kit

- 1 reusable cloth grocery bag (to hold all items)
- 10 diapers or 1 pack (Newborn, Size 1, or Size 2)
- 2 packs of sensitive skin baby wipes
- 2 pacifiers
- 1 small bottle of sensitive skin baby lotion
- 1 tube of sensitive skin diaper paste
- 1+ baby bib or burp cloth
- 1+ baby onesie (Newborn, Size 1, or Size 2)
- 1 candle for mom (something calming)
