children in Colorado
are uninsured

Every child in Colorado deserves healthcare, regardless of their insurance status or ability to pay. Every Child Pediatrics (“ECP”) serves as a beacon of hope for families in underserved communities, facing vulnerable social and financial situations.

Healthy children are the foundation of a thriving community. When we invest in children and their health and well-being, we are investing in their readiness to learn in school and preparing them for economic success that can break cycles of generational poverty. Through no fault of their own 136,500 kids across Colorado experience poverty, and one in four children are considered economically disadvantaged.¹ And right now, 74,760 children are uninsured with very limited options for their pediatric care. For many patients who come to Every Child Pediatrics, unmet social needs—often referred to as the social determinants of health—including housing instability, food insecurity, financial hardship, and transportation barriers, are as pressing as their medical concerns.

Due to financial constraints, most medical practices see only a limited number of patients with Medicaid or no insurance coverage at all. As a result, many uninsured and lower income families struggle to access quality healthcare for their children. In today’s healthcare landscape, where do families turn when they have Medicaid or no health insurance? How do they find a trusted pediatric provider who will welcome them and deliver the high-quality care every child deserves?

Thanks to the generosity of our donors and community partners, Every Child Pediatrics is that provider. We ensure every child has access to comprehensive, compassionate care—regardless of their insurance status, life circumstances, or ability to pay.

Transformational **impact** for Colorado children.

Our Mission — Every child, regardless of their ability to pay

We provide primary medical care and integrated services to every child, regardless of their insurance status or ability to pay. We seek out children living in the most vulnerable situations and build support around them, so they have a Medical Home (comprehensive care and services under one roof). Every Child Pediatrics has been a critical part of the Colorado community since 1996, providing medical care, behavioral and mental health services, and other basic social supports to over 30,000 children each year.

We never turn a child away.

A stylized, handwritten signature in black ink, likely belonging to Dr. Larry Wolk.

Dr. Larry Wolk

BOARD MEMBER

Founder, Rocky Mountain Youth
Clinics | Chief Medical Officer,
the Wonderful Company

OUR FOUNDING — A HUMBLE BEGINNING

In 1996, a young pediatrician in Denver founded Rocky Mountain Youth Clinics (RMYC) because he recognized a gap in the Colorado healthcare system that left many children without access to healthcare. Dr. Larry Wolk opened the first RMYC clinic in downtown Denver with the help of a few close friends who were dedicated to offering high-quality, affordable care to children without insurance. The need for such a clinic was greater than Dr. Wolk had imagined, which caused RMYC to expand the organization to multiple locations across the Denver-metro area.

In 2018, the organization rebranded to become Every Child Pediatrics (ECP), which marked 22 years serving children in Colorado. Our history has taken us from a single office with 2,000 patient visits each year to the largest pediatric practice in Colorado. We remain committed to every child, regardless of their ability to pay.

Differentiating Factors of our Mission

Children deserve a clinical team of top-notch talent that respects their situations, backgrounds, and cultures, and invests in the provider-patient relationship from birth to adulthood. Children are the sole focus of Every Child Pediatrics, and our clinical team provides comprehensive services for the health and well-being of every child in every aspect of their life. We foster trust with every family, ensure a mutual understanding of their care plan, and always respect and appreciate each patient's unique background. We leverage empathy and compassion to foster health care equity, and we strive for a more socially just system that serves every child.

OUR MEDICAL HOME APPROACH

All of our clinics serve as a single stop for all primary medical needs, including integrated behavioral/mental health, dental, nutrition, and care navigation.

SPECIALIZED CARE FOR COMPLEX LIVES

Every Child Pediatrics was built for children whose health is shaped by more than a medical diagnosis. Our pediatric experts care for children facing complex medical, developmental, behavioral, financial, and social challenges, taking the time to understand each child's unique circumstances and address every aspect of their well-being. Through our nationally recognized, integrated model of care, we help children overcome barriers, improve health outcomes, and build healthier futures.

INTEGRATED BEHAVIORAL AND MENTAL HEALTH SERVICES

We've seen a significant growth in depression screenings and referrals to behavioral health providers (BHP), and this has caused us to scale up our in-house services. Each clinic has a BHP, and we partner with several third-party agencies to provide onsite behavioral health services for our patients.

SCHOOL-BASED HEALTH CENTERS

School-Based Health Centers (SBHCs) are essential to Colorado's healthcare safety net. They are located inside or on school grounds and are staffed by providers from various disciplines. The health centers are designed to serve students with limited access to care, often because they are low-income, uninsured, or live in isolated areas — 95% of the patients accessing ECP's SBHCs come from low-income families.

NO OTHER CLINIC HAS A
TENURED STAFF LIKE ECP.

Over **320**
years

serving children at ECP.

We take pride in navigating primary care alongside our patients.

Our Care Navigators know that good health begins with meeting a family's basic needs. They connect families with food, housing, transportation, insurance enrollment, and other essential resources that address the social determinants of health so every child has the opportunity to thrive.

CARE NAVIGATION FOR EVERY FAMILY

To build a brighter future for every child, we need a proven model for community health care—one that is patient-focused from cradle to career, leverages financial support from a broad community of donors, and provides Care Navigators that go beyond the stethoscope to invest in each family's unique needs.

When a family comes to Every Child Pediatrics, they gain access to an entire team dedicated to their child's health and well-being. That team includes 16 pediatricians, 7 nurse practitioners, 12 physician assistants, 38 nurses and medical assistants, 13 behavioral health providers, 9 care navigators, enrollment specialists, and referral coordinators, an in-house registered dietitian, in-house dental care, and an extended network of specialists and community partners to ensure children receive the advanced care they need when it is beyond our walls. Our providers often see patients for the first time within days of their birth, which begins a caring relationship that grows through adulthood. Most practices have steered away from rounding on newborns in the hospital, but we have intentionally maintained our presence, because it is vital to the relationships we build with patients.

Our Care Navigators offer families in need a wealth of resources from enduring partnerships across the community. We put our families at ease by tapping into the full potential of Colorado's available resources, including: the Colorado Medicaid Office, CHP+, local food banks, job training programs, and housing support services. Health care is an intimidating world, and we take pride in navigating primary care alongside our patients and their families.

H.E.A.L.T.H. is our Core

To address the root causes of children's health care inequity in Colorado, Every Child Pediatrics has adopted these core values to drive our organization.

H

HEALTH CARE INTEGRATION

We believe it takes a team of diverse and devoted professionals to provide services that improve health outcomes. We are committed to providing comprehensive, high-quality, integrated care that includes medical, dental, and behavioral health as well as family support services. We coordinate services with our community partners, and we empower patients and their families with information and links to outside community resources, so they, too, can build a strong foundation for success and well-being.

E

EQUITY AND INCLUSIVITY

We exist to serve marginalized communities, and we believe everyone should be welcomed and treated with respect regarding their unique background and socio-economic status. Our programs and services are delivered in a manner that is sensitive to a family's culture, language, beliefs, and values.

A

ACCESSIBILITY AND AFFORDABILITY

Receiving health care services should not place financial stress on families. We strive to be accessible and offer affordable care to all our patients. Patients can schedule appointments during regular and extended hours, and they can communicate with our clinical team in a variety of ways to ensure their needs are met. We help families get the care they need, regardless of their ability to pay.

L

LOVE

We create a welcoming, compassionate, empathetic, respectful, safe, and trustworthy environment for patients, their families, and staff. We take the time to listen and understand patient needs and perspectives. Our patient families can trust that we have their best interests at heart.

T

TEAM

We believe that everyone plays an important role in the organization. Every staff member works to support the larger team and overall mission. We support one another through communicating clearly, respecting one another's roles and responsibilities, working hard, collaborating, and showing flexibility to get the job done.

H

HIGH STANDARDS

Every Child Pediatrics attracts top talent, and we strive to be a national model for comprehensive pediatric care. We are experts in our fields, and we are knowledgeable about medical interventions and community resources. We continually ask ourselves, "How can we be better?", and we take action to improve. We are committed to providing high quality care to all our patients and their families.

We never turn a child away.

Your support goes toward
care for uninsured,
unhoused, and
underserved children
in Colorado.

YOU CAN MAKE A DIFFERENCE TODAY 

Investment Opportunities: The Power of Your Contribution

Be the Difference for Every Child

Every Child Pediatrics exists because of the generosity of partners and donors like you. We provide patient-centered care to all children, regardless of their ability to pay, and work to break cycles of poverty in our communities. Now, more than ever, your support can expand our reach—ensuring no child goes without care.

5-Year Strategic Development Plan

We are building a sustainable fundraising platform to generate \$1 million annually—fueling programs that directly serve children in need. Each partnership, corporate sponsorship, and donation accelerates our mission, transforming the lives of thousands of children and families across Colorado. Your contribution is not just a gift—it's an investment in a healthier, stronger future for our kids.

\$1 Million Care for Every Child Fund (General Fund)

Every Child Pediatrics serves all families, regardless of their ability to pay for care. Each year, we provide more than \$1 million in unreimbursed care for children who do not have health insurance or the means to pay for care. With the help of donors and their investment in this unrestricted fund, we will ensure that our organization has the resources to continue serving every child and never turn away a family that cannot pay for care. Your dollars will go directly to support the cost of patient visits in any area that is necessary to provide the best health care possible.

Signature Donor Programs

FOUNDER'S CIRCLE FOR MAJOR GIVING

The Founder's Circle is an esteemed group of major donors who invest to create transformational impact for children. This circle of philanthropic leaders ensures the founding mission of Every Child Pediatrics endures for years to come. Each member invests \$5,000 or more annually for a commitment of 5+ years.

INVESTMENT LEVEL

Starting at \$5,000 annually and an upfront 5-year commitment

CHAMPIONS FOR CHILDREN MONTHLY GIVING:

Starting at \$25/month

Give children the gift of healthcare every month! Our Champions for Every Child community will create access for 30,000 children each year. When children receive the care they need, families and communities thrive. Your monthly donation can give uninsured children access to checkups every year.

CORPORATE SPONSORSHIPS

Event and Volunteer Project Opportunities

We invite corporate and business partners to invest in our mission through volunteerism, event sponsorships, and program support. Customized volunteer projects advance your team goals while generating critical resources for children in need. Event sponsorships provide market visibility and align with your business objectives, while proceeds directly fund care for uninsured children. Sponsors can also support an affinity group or program to amplify community engagement and position their brand as a leader in corporate philanthropy, creating meaningful impact for families and children across Colorado.

Affinity Groups

THE WOMEN'S AFFINITY GROUP

Guided by the motto 'Women Leading for Every Child,' the Women's Affinity Group is a thriving network dedicated to creating lasting impact for Every Child Pediatrics. This group empowers women to engage in philanthropy, volunteerism, and social connection—all in support of children in need. Signature events include our annual **International Women's Day Celebration** and **Kickoff Social**, as well as **Stuffies for Every Child**, where we build stuffed animals for children facing homelessness and adversity.

Through volunteering, networking, and advocacy, The Women's Affinity Group fosters a strong community of women championing Every Child Pediatrics' mission. Join us to make a difference, grow meaningful connections, and help shape brighter futures.

SPONSORSHIPS AVAILABLE

Choose an Event, Volunteer Project, or Sponsor the Group as a Whole

Free to participate, with invitations to curated events and volunteer opportunities created for this inspiring community of women.

ECP-365: THE ASSOCIATE BOARD AT EVERY CHILD PEDIATRICS

A community of emerging leaders, professionals, and changemakers dedicated to supporting Every Child Pediatrics year-round. We call it ECP-365 because we believe everyone can give back 365 days a year—whether through time, talent, or a \$365 annual gift—to make a lasting impact for Colorado's most vulnerable children. Members gain valuable leadership experience, career development, and networking opportunities while engaging with top companies and community leaders, creating meaningful ROI for both their employers and their own professional growth.

Events

FOR THE LOVE OF KIDS GOLF TOURNAMENT

Our annual golf event presents a spirited atmosphere to celebrate partners and supporters of Every Child Pediatrics. We engage nearly 150 medical professionals and philanthropists with a signature golf outing, luncheon, awards, guest speaker, and silent auction. Join us as a sponsor in support of our mission, while ensuring your name is known as a Champion for every child.

STUFFIES FOR EVERY CHILD

This event is a heartwarming, hands-on opportunity for our entire community to come together and bring joy to underserved children across ECP's clinics. Volunteers will assemble stuffed animals—no sewing required! These special creations will be given by our providers to children facing hardships, those visiting our homeless shelter clinic, coming in for a vaccine, or simply needing a little comfort. This is not a fundraiser—it's a high-engagement, community-wide initiative focused on service, connection, and impact. This is a family-friendly event for all ages.

CHAMPIONS FOR CHILDREN 5K RACE

The Champions for Children 5K is a community event organized by the Every Child Pediatrics Associate Board and proudly sponsored by Suncor. The event supports Every Child Pediatrics' mission to provide healthcare to uninsured children, promotes healthy lifestyles for families in Colorado, and strengthens our network of supporters. Held in Commerce City, the 5K offers an accessible, family-friendly experience for participants of all ages and abilities while providing meaningful opportunities for community engagement and sponsorship.

30TH ANNIVERSARY CELEBRATION

This signature event will honor three decades of impact with powerful storytelling, special recognitions, and moments that highlight the supporters, partners, and champions who have shaped our mission. While this fundraising event will raise critical funds to expand care for Colorado's most vulnerable children, it is first and foremost a celebration—of our community, our legacy, and the future we are building together.

Sponsorships, table reservations, and a variety of partnership opportunities are available for this milestone event.

COLORADO GIVES DAY

While this is not our only fundraising initiative, it's a day that matters deeply to many Coloradans and provides a unique moment to raise awareness and financial support for ECP.

Give Where You Live — Support Colorado's Most Vulnerable Children.

Consider a gift today because...

No child should go without care. Your support sustains a legacy of impact.

30 years strong! Every gift directly impacts Colorado's most vulnerable children. **You strengthen our community.** Together, we meet today's urgent challenges.

Every child
deserves a Champion
like you.
